From:  
A. J. Stephens, President,  
A. J. Stephens & Co.

We are pleased to present to our many customers and friends this unique catalog which illustrates the most popular styles of custom built bars and fixtures we have manufactured.

All illustrations show bars that were originally designed and manufactured by us.

We have every facility for the manufacture of high grade fixtures including tavern equipment, bars, dispensing equipment, department and grocery store fixtures, restaurant and drug store fixtures, etc.

We are in a position to furnish you with any design or style of bar shown herein, or we can supply you with any type, special built, custom made fixtures to suit your individual requirements.

In this book we illustrate a few of the many custom built installations we have furnished in various sections of the country. We can duplicate any of these particular installations in which you might be interested.

We have in our factory the most capable, skilled and talented craftsmen who have had many years of experience and can build anything of wood or metal.

We guarantee perfect workmanship.

Please write us regarding your requirements.

Sincerely,

A. J. STEPHENS & COMPANY.

*Fred Harvey's Circular Bar--In Union Station, Kansas City*

This beautiful circle bar with refrigerated back bar was built by A. J. Stephens & Company for Fred Harvey Company and installed in the Union Station at Kansas City, Missouri.
